

The Papa Post

Volume 2; 18th Edition, January, 2009

Happy New Year

Tara & Katherine would like take a moment to thank you all for your wonderful support throughout the last year. Papa Dean's Popcorn has grown a bushel and a peck in the last 12 months, and we are so grateful to all our customers who enjoy our posh popcorn and visit the bar every week, every month, and every time they get a craving for the best popcorn in Texas! We wish you all a healthy, prosperous, fun and poppin' 2009!

My Heart Be Still...

With Valentine's Day right around the corner, we want to remind you that our famous red & pink vanilla popcorn is the perfect gift for your parties or classroom events. The pocket size shown here is always a huge hit, and need to be pre-ordered. Give someone **you** love some delicious popcorn made with **our** love.

Or hey, here's an original idea! Anybody out there ready to "pop the question"? Why not hide the engagement ring in a bag of our pocket popcorn! That's right, give her our Valentine popcorn with the biggest surprise of her life inside! We can customize the Kernel of Wisdom to read: *Will you marry me?*

...now there's a story you'll tell forever!

AWARD SEASON

Ok, it's award season

once again and if you follow the movie stars like we do then you're excited about the upcoming award shows starting with the Golden Globes on January 11th. Well duh... award shows and popcorn! Don't forget to order your popcorn for that party you're throwing. In fact, this year for the first time, we are offering our Oscar Gold Vanilla flavor popcorn! It's fabulously modern and delicious and trust us, your party goers will be totally impressed with your efforts! Our Kernels of Wisdom for the Oscar Pop are all famous Oscar Award speech quotes from various actors who said something clever, amazing or just plain controversial. Yep, that's right, we are always on top of the latest creative venture. So heads up, the Gold Popcorn won't be a permanent fixture at our popcorn bar, but it will be available to all those who are HOLLYWOOD!!!!!!!!!!!!

...and the popcorn goes to...

FEATURED KERNEL OF WISDOM FOR JANUARY

"He's a gypsy cowboy, he always takes a stand... a restless heart, he lives life to the bone... he always plays to win while howling at the moon." Patricia Vonne, San Antonio song writer and singer. Joe's Gone Ridin'

San Antonio Magazine Article

Thanks to all of you for your generous support for our story told in the November issue of San Antonio Magazine. We are very proud of it and appreciate so much everyone who made a point to share your own stories about adoption with us. We thought we'd be able to pass along the fact that you can access the story now that the November issue is archived, but last time we checked, the San Antonio Magazine website still does not allow one to read the feature stories from their site. Hmm.... We haven't heard from the Hallmark Channel or Hollywood in general to make a movie about us, and any of you well-connected popcorn snobs who "know people" are encouraged to flex your networking muscles & make it happen sooner than later please.

Special Thanks to our Extra Christmas Help

As you know, December is our craziest and busiest time where we rarely see our family members, we attend no holiday parties, and we practically sleep here; yet still when the door is unlocked the next morning we're all excited to see you and take those holiday orders! Well... Thank goodness this year we had such mature and dedicated temporary workers. They really helped us out with their banging on the roller, their hiding behind the popcorn bags, and their imaginary chef hats!
