Popcorn Makes You Popular ...

Announcing SheChef **Extraordinaire**

Last August we introduced Georgia Jones, our popcorn bar manager. We told you how we “stole” her from Taco Cabana and how lucky we knew we were! Well, with the retirement of long time Chef Art, Georgia agreed to step up to the plate and strut her stuff. Popcorn has always been something she made in her own kitchen - always experimenting with various concoctions and ingredients, and so as you can imagine, she was

thrilled when the opportunity presented itself for her to pop it up a notch. She took over that recipe book like she had a cheat-sheet or something! She has taken to making gourmet popcorn like a South Texas Mesquite tree to sunshine! We gave her full permission to come up with a new flavor by March. Okay so we all have to stay tuned for that! We saw her back there in the kitchen thinkin, writin' and peeling garlic cloves. We also noticed she had some chick peas crushed near the sink.... Could it be she is working on the next big thing - Wasabi Popcorn? Hmmmm ...wonder what's she's up to? Stay tuned of course. She is the quintessential “SheChef”!

Our Passion is Your Popcorn

Say what you **really** wanna say to your sweetie this Valentine's Day. Our custom label on a popcorn bag with “your” words will beat anything Hallmark can offer! Our red & pink vanilla V-day mix is a must-have every year, so “pop it like it's HOT”. Come and get it ya'll.

Oh and of course, even if you don't have a special valentine this year, give someone our posh little treat and watch what happens. After all Cupid shops at Papa Dean's and **she** always says – “Come to Papa Baby”!

Popcorn makes you POPular as we always say, so hook-up your elementary or Jr. Schooler with pop-notch Valentine's as unique as our Pocket Popcorn bags!

Dr. Dan is "Pop-notch"

We just want to give a shout out to our favorite veterinarian. Dr. Dan Kirby, of [Alamo Heights Pet Clinic](#), is one of our favorite people. Not only because Katherine's new cat, Gary, (and don't ask about how she arrived at that name...) came from Dr. Kirby's supply of abandoned animals he sometimes has, but people drive from all the way across town & beyond to bring their pets to him for treatment. Also we've gotten to know Dr. Kirby pretty good over the last 18 months and there couldn't be a more dedicated, loving, hands-on vet! Since his office is located right next to Papa Dean's Popcorn, we are privileged to see a steady stream of beautiful animals, all shapes and sizes, all day long. Oh and by the way his daughter's favorite popcorn is Cheddar. We just thought you'd wanna know.

Hmmm, how do we say this – Papa Dean's Popcorn

now has a You Tube video. Yep, that's right, a You Tube video. It's rated PG13, so all you adventurous, sassy types out there can find it by going to <http://www.youtube.com/user/KernelPapa> ... and NO, we're NOT telling you whose body that is!

It's SPANKIN' NEW

OK, we've been waiting 18 months for this! Ready? Finally, we are proud to announce our brand new ultra modern popping machine has arrived. That's right, it is shiny and bright and half the size of our old poppers from 1958. While they still performed beautifully, we needed to come into the 21st century. We must share with you, however, that Tara did get emotional and shed a few tears when the tumbler was wheeled out the back door. After all, that old popping machine HAD brought an awful lot of joy to lots of folks. By the way we did have that huge beast recycled so we are doing our part for our beautiful planet.
